

INTRODUCTION

This booklet has been prepared to assist property managers, members of Boards of Managers for Condominium and Common Interest Community Associations, and attorneys. This booklet contains the actual text of the Illinois Condominium Property Act and the Common Interest Community Association Act. If you are unsure which Acts apply to your association, please refer to the chart on the next page for clarification.

Statutes are often changed by the legislature. The bold portions within the text of the statute reflect the most recent change or addition. The date placed at the end of a statutory section shows the date it was most recently amended.

Often the law is unclear. Cases involving these statutes constantly come before the courts. Reading this booklet alone is to know only part of the law. Managers and Board Members should seek the opinion of qualified counsel familiar with recent cases to help interpret these statutes. This booklet will, however, provide you with a point of reference, that is, a starting point in determining what the law requires.
